1. Last Meeting

Welcome back from the summer holidays. It has been a while since we last get in touch. There were quite a few meetings and functions held during the summer period. There was a banquet and dance at the Convention Inn South. The third annual barbecue was held at the Rundle Park with over 90 members and friends coming to have a good time.

Everyone attended the barbecue felt that it was an excellent barbecue , good planning and plenty to eat. The president of the Hongkong Post Secondary Association , Mr. Bill Chow came to help out. His presence had really been helpful. Mr. Peter van Hauff of the Laurentian Bank contributed \$ 50.00 for the barbecue. A big thank you to Peter and the Laurentian Bank.

We were also in-debt to Terry Kotyk and Brio Beverages Inc for the contribution of the soft drinks. Once again as with last year we had Shun Kwong doing the cooking. Most the executives came to help out. Thank you all for your efforts

The second annual golf tournament was also held at the Legend Golf Club in August. The winner of this year tournament was David Moe. Well done David .

2. Next Meetings

The next meeting is on October 15, Tuesday because Monday is a holiday. The speaker is Mr. Chris Menard, MBA, Environment Canada. The topic is Pollution Prevention. Please mark you calendar and plan to come to the meeting.

The November meeting will be held on November 18, 1996 and the topic is Taxation for Small Business. It is also an election night. Please come to the meeting to exercise your right as member of the Society.

The last meeting for this year will be on December 13, 1996. It is our anniversary meeting and we are honored to have Executives from APPEGGA to address the latest happening in engineering industry.

3. Members News

Mr. Marvin Mah, M.Sc., our member in Saudi Arabia returned to Edmonton in August and had lunch with Sidney Lam, Sik-On Yu and Daniel Woo. Marvin provided many interesting stories in Saudi Arabia. Did you know that in some complexes in Saudi Arabia for Western corporations there are palm trees, big Macs and major food chains just like home in Canada. Marvin also advised that there are still opportunities in Saudi Arabia, especially for engineers and health professionals. Marvin promised to send information upon his return to Saudi Arabia in September. Marvin's information package which included 5 pages of job postings and a write-up on Hong Kong's US\$20 billion Hong Kong airport just arrived. They are attached for information.

Mr. Geoffrey Ho, LLB, QC, one of our Society's long time member and continuous supporter, was installed as the President of the Edmonton Chinese Lions Club on July 23, 1996. Sidney Lam, Daniel Woo, Wing Choy and Thomas Lo attended the installation dinner. Our Director of Technology, Mr. Sik-On Yu was also installed as the 2nd Vice president of the Lions Club on that evening. Congregation to both.

The Edmonton Chinese Klondike float, a 20 feet dragon boat and a 8 feet high multi-faced lantern won 1st prize in the cultural and heritage category during the Klondike Day Parade. Sidney Lam, Daniel Woo and Sik-On Yu, on behalf of our Society contributed greatly to its success. The certificate, \$100 prize were presented by Sidney Lam, our President to community representatives during a recent get-together function.

4. Election

As you are aware the election night is on November 18, if you would like to think about to get involved with the Society to contribute your time and ideas in the organization, please come forward to the executives to volunteer yourself to the organization.

If you have any questions and suggestion, please send a note to the executives at P. O. Box 1881, Main Post Office , Edmonton, Alberta T5J 2P3
